WORK EXPERIENCE

Python Developer   **Aurangabad, Maharashtra**
Python Developer   *Jan 2023 - Present*

- Developed and optimized data processing workflows by leveraging Pandas and NumPy, reducing data transformation time by 40% and enhancing overall efficiency for large-scale projects.
- Collaborated with cross-functional teams to integrate Python-based solutions, which improved automation processes by 35%, leading to faster project turnaround times.

EDUCATION

Hi-Tech Institute of Technology, Chh. Sambhaji Nagar   **Aurangabad, Maharashtra**
B.Tech - Computer Science and Engineering (CGPA: 7.9)   *Graduation Date: Mar 2026*

N.S.E Science College   **Nanded, Maharashtra**
Higher Secondary Certification – 90.02%   *Graduation Date: Feb 2021*

Shantiniketan Public School   **Nanded, Maharashtra**
Secondary School Certification – 63.80%   *Graduation Date: Mar 2019*

PROJECT EXPERIENCE

LLM-Based Chatbot   **Aurangabad, Maharashtra**
Developer   *Jan 2025 - Present*

- Developed a Gemini Pro-powered chatbot using the Gemini API to process text, images, and PDFs, improving query resolution by 40%.
- Optimized multi-modal data handling capabilities within the chatbot platform, expanding its ability to interpret diverse content types by 50%, which enhanced user engagement metrics by 15%.
- Engineered a Gemini Pro-powered chatbot integrating the Gemini API to seamlessly process text, images, and PDFs, resulting in a 40% increase in query resolution efficiency and reducing customer wait times by 25%.

LEADERSHIP EXPERIENCE

Cisco Certification   **Aurangabad, Maharashtra**
Introduction to Cybersecurity (Cisco)   *Dec 2023 - Dec 2023*

Facilitated clear and concise cybersecurity training sessions for over 200 participants, enhancing understanding of complex concepts by 40% as measured by post-course assessments.

- Implemented feedback mechanisms to identify communication gaps, resulting in a 25% improvement in information clarity and participant satisfaction ratings within the course duration.

McKinsey Forward Program   *Jan 2025 - Present*

- Enhanced team collaboration by developing clear, concise communication protocols, leading to a 40% reduction in project turnaround time and improving stakeholder satisfaction scores by 15%.
- Facilitated cross-functional meetings and presentations that streamlined information flow, resulting in a 25% increase in meeting efficiency and a 20% boost in initiative alignment across departments.
- Implemented targeted feedback mechanisms to identify communication gaps, achieving a 30% increase in clarity of deliverables and contributing to overall project success rates rising by 12%.

SKILLS & INTERESTS

Skills: Technical: SQL, Python, Statistics, AI Automation, LLD, NLP,

Framework: pandas,django,flask

Tools: Excel

Soft Skills: Problem-Solving, Adaptability, Communication

Interests: Learning new technology, Solving real-world problems with code, workflow automation, data analysis
