SUMMARY

Enthusiastic UI/UX Designer and Developer with experience in creating impactful and user-friendly designs, eager to leverage skills in UI/UX design and development for real-world applications. Passionate about using AI for skill development and environmental monitoring initiatives, committed to enhancing user experiences through innovative and collaborative design practices. Accomplished in leading design projects and possessing strong analytical skills, eager to contribute to meaningful and socially responsible company initiatives.

EDUCATION

B.E. in Computer Science and Engineering
Hi-Tech Institute of Technology
📅 2026 📍 Aurangabad, India

Diploma in Computer Engineering
Shri Shivaji Polytechnic Institute
📅 2023 📍 Parbhani, India

Secondary School Certificate
Shri Sarang Swami Vidyalaya
📅 2020 📍 Parbhani, India

PROJECTS

AI for Skill Development in Youth

Developed an AI-powered platform to assess youth skills, identify improvement areas, and provide personalized learning paths to bridge skill gaps and enhance employability.

- **Role**: Designer & Developer
- **Technologies Used**: Artificial Intelligence, MERN Stack, Cloud Computing, UI/UX Design
- **Duration**: Pursuing | EY Tech Athon 5.0

Real-Time Water Body Monitoring in Delhi

Created a water monitoring system using Google Earth Engine and AWS for real-time environmental monitoring, focusing on indices like chlorophyll and turbidity.

- **Role**: Researcher & Web Designer
- **Technologies Used**: HTML, CSS, JavaScript, GEE (API), Python
- **Duration**: 1 month (Sep 2024) | SIH in Hi-Tech Institute of Technology

INTERNSHIPS

UI-UX Designer
Cod Soft Pvt. Ltd.
📅 2024

SOFT SKILLS

Research & Analytical Skills: Strong analytical mindset for understanding user needs and translating them into design solutions.

Problem-Solving: Skilled at identifying design challenges and implementing creative, effective solutions.

Collaboration: Works effectively in teams to enhance project quality through shared ideas.

Decision-Making: Confident in making design choices aligned with project objectives.

INTERESTS

Music: Enjoys listening to music for relaxation and inspiration.

Gaming: Plays console games to unwind and develop strategic thinking.

Reading Books: Passionate about literature, especially titles like *Atomic Habits* by James Clear.

Designing: Continuously exploring and creating new design concepts to enhance creativity.

KEY ACHIEVEMENTS

⚡ **Developed an AI-Based Skill Assessment Platform**
Created an innovative platform to analyze youth skills and provide personalized learning paths, enhancing employability for young professionals.

👍 **Real-Time Water Monitoring System**
Designed a system using Google Earth Engine for tracking water quality metrics, contributing to environmental conservation in Delhi through real-time data.

⭐ **UI/UX Intern Certification from Cod Soft Pvt. Ltd.**
Completed a certified internship in UI/UX design, gaining industry-relevant experience and advancing design skills.

✔ **Design Head at Nexus Coding Club**
Led design initiatives, guiding the club's projects with a focus on enhancing user experience and visual aesthetics.

☆ **Volunteer for United Nations Program**
Contributed to community service and social initiatives, supporting UN goals through volunteer efforts.

TECHNICAL SKILLS

Design & Development
UI/UX Design, Full-Stack Development, Online Research

Tools
Figma, Adobe XD, Sketch, Blender, Lunacy, Trello

Programming Languages
HTML, CSS, JavaScript

Key Skills
User Research, Project Management, Innovation, Design Thinking, Team Building

CERTIFICATION

Industrial Training Certification
CCA Techno Pvt. Ltd.

UI-UX Intern Certification
Cod Soft Pvt. Ltd.

EXTRACURRICULAR ACTIVITIES

Design Head – Nexus Coding Club (Pursuing role, focuses on leading design initiatives for coding projects)

Volunteer – United Nations Volunteers Program, contributing to community service and social development initiatives
